

## ELECTRICAL WORKS

### APPROVED MANUFACTURERS OR EQUAL

- The contractor shall submit with his offer the list of the manufactures and catalogues of the electrical equipment.
- Wherever a certain trademark is given in the specifications or on the drawing to describe a particular product, the trademark is only given to outline the level of quality and the required specifications of the product. The Contractor has the full freedom to submit alternative products of the same or higher level and the approval is strictly done by the consultant .
