### Classification and field of application

#### Reference of classification

This classification has been carried out in accordance with BS EN 13501-6:2014

#### Classification

Electric cable, BS 6622 - 19/33 (36) KV AWA in relation to reaction to fire behaviour are classified within the following range:

$E_{ca}$

The format of the reaction to fire classification for electric cables is:

Fire Behaviour		Smoke Production			Flaming Droplets			Acidity	
$E_{ca}$	-	-	-	,	-	-	,	-	-

**Reaction to fire classification:  $E_{ca}$**

The classification assigned to the products in this report is appropriate to a declaration of conformity by the manufacturer within the context of system 3 attestation of conformity and CE marking under the Construction Products Regulation.

The test laboratory has, therefore, played no part in sampling the product for the test, although it holds appropriate references, supplied by the manufacturer, to provide for traceability of samples tested.

## BASEC Report No: P1CPRT2198-1 Classification

### Field of application

This classification is valid for the power cables described in 'Sample details' and listed below as determined in the extended application process according to PD-CLC/TS 50576:2016.

Brand Name	Number of cores	Conductor size	Reaction to Fire Classification
Energys Power Cables	1	95mm <sup>2</sup> – 500mm <sup>2</sup>	E <sub>ca</sub>

This classification is valid for cables for general applications in construction works subject to reaction to fire requirements.

### Limitations

This classification will be valid whilst;

- The test methods remain unchanged,
- The product standard or technical approval remains unchanged,
- Constructional or material modifications do not exceed limits of the field of application.

The manufacturer has made a declaration, which is held on file, which the product placed in the marketplace, named in product description section of this report and produced at the manufacturing plants listed therein, is exactly the same as the product that was tested.

This classification document does not represent type approval or certification of the product.
